### Pub articles unfair, DSA president says

By Tim Kyles

The DSA is concerned that the two Spoke personnel who covered the annual pub in 2004 did not do a fair job of reporting the event.

The two who were named to cover the event, Dave Gosselin and Patrick Barnett, did not do a fair job of reporting the event.

Referring to Barnett's article in the Spoke, the DSA president says that Barnett's article was not a fair representation of the event.

It is a misrepresentation of the event, and it is not a fair representation of the event.

He also said that the two people who covered the event did not do a fair job of reporting the event.

Amy Proulx adds weights to her suspension bridge, while Patricia Clark looks on for instant support. Both girls are in Grade 6 at Manitoquin public school.

# It hasta be pasta

By Ellen Douglas

On April 19 in Coonungwa (Malt) district in eastern New South Wales, two teams of students competed in a pasta bridge building contest.

The students were participating in The Heavy Weight Pasta Bridge Competition which is part of Engineering - Science and Technology '97 a multi-day event.

The event was organized by Professional Engineers Ontario (PEO) the University of Waterloo, the Ontario Association of Certified Engineering Technicians and Technicians (OACETT) the Waterloo Region Engineering Institute, Waterloo County Board of Education, OACETT's Technology Design and Community College.

According to John Lee, a volunteer for the event who works for the Region's Municipality of

Waterloo, the purpose of the contest is to let students to build the best bridge. That means that the higher the bridge and the more weight it holds the better it is.

"This is a challenge and it's fun," said Lee.

For example, the winning bridge weighed nearly 100 grams but it held almost 11 kilograms more than 40 times as weight. The bridge was built by three (three) Grade 6 students from Manitoquin public school.

The 100th anniversary of the bridge was celebrated every year and the bridge was built by three (three) Grade 6 students from Manitoquin public school.

"One year the students had to build a bridge," he said. The students were given a list of bridge designs and they had to build one. The bridge was built by three (three) Grade 6 students from Manitoquin public school.

The students were asked to build a suspension bridge. The bridge was built by three (three) Grade 6 students from Manitoquin public school.

"Usually this contest will give the young people a chance to see

Laura Blanning, a Grade 7 student at Manitoquin Middle, explains her bridge, which she says is a little nervous. Her bridge, which is for Laura's class, is the best in the competition.

and engineering," said David Lee, a volunteer from the PEO.

"They learn the building of bridges and using their own creativity to build a bridge that will hold the most weight."

Some of the teams had won the contest but all of the participants and they had fun and learned from the experience.

Among them, a Grade 7 student from Manitoquin Middle School, Laura Blanning, explained her bridge the winning of the contest.

"My bridge is made of pasta. It's just in the same way as the other ones but it's a little different."

The bridges were judged by the weight they held. The bridges were built by three (three) Grade 6 students from Manitoquin public school. The bridges were built by three (three) Grade 6 students from Manitoquin public school.

## Grads to host May open house

1000

Graduates of Cincinnati's 100th public prepositioned/corrupt program are leaving an open house prepositioned day of May 7 in the program.

The award will feature various computer software applications designed by the students to support and facilitate the software packages of food companies.

John Scott, an instructor for the CFA program and co-chairman of the open house event, says the program was opened to students at the University of Maryland.

The students worked in groups of three and would go over the responses, study the performance levels their fellow group members and design applications for the "top" responses.

The result will be sold from 1 a.m. until noon in stores 12411 and is open to all five suburban Indianapolis council's John Scott.

## Disappointing season ends

# Women's team loses final

By Pat Condon

The women's volleyball team lost 3-1 in the final of the conference play on April 19 to close out a season that was disappointing overall.

The final match was played in the Stadium II Foster Recreation Center against the Portuguese team and it was a very tough contest after a long season.

Coachman finished first in the regular season of the Conference league which ended March 22. Geoff Johnson, coach of Coachman's senior team, said the team was pleased to finish top of the league because that was the team in the league were looking to challenge for another first place.

In the semi-final playoff match against the Seattle Seahawks played on April 1, Coachman won 3-1. Then on April 19, the final against the Lions.

Johnson was pleased with the match because it was played well by both sides. He also noted that both of the Lions are former

Coachman players.

The match was well while the Coachman team lost the match 3-1 in the final of the conference play on April 19 to close out a season that was disappointing overall.
